Other remarks	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	The proposal repeats who Abdulbee is too many times, 3 times, 1 at the beginning and 2 at the end, this can tire the reader and make him lose interest when reading the same thing several times in a row. I would recommend trying to group everything in one section
